To Mr. Dean Sparks and Ghost Doctors Paranormal Investigators

Dear Dean,

It was a pleasure to meet you and your group. My wife and I thank you for
getting us join your group for the evening. It made for a very interesting time.

We were very impressed with the professionalism and willingness to explain to us
what the group had set out to accomplish.

You and your group are welcome to visit Prairieville Cemetery anytime in the future.

In closing I also want to thank you for the letter and CD. (Very interesting.)

Sincerely,

David Cubel
